At our last workshop, discussions focused on lessons learned from the landmark wet winter of 2022-2023 and six Network Action Teams were organized to advance priority initiatives. This workshop will keep Network momentum with the following objectives:

- Present useful and exciting work recently published by Network members.
- Inspire participants to engage in the Network and its activities.
- Collaborate on initiatives to advance Flood-MAR implementation in California.
- Get excited about the biannual Network Forum - the Network's marquee event!

WORKSHOP AGENDA

2:00 PM - 2:30 PM | Pre-Meeting Informal Gathering

Please join us before the workshop begins for an informal time to connect with other participants and share about your work and interests in the Flood-MAR Network.
